Baljinder Singh

EDUCATION

Sri Guru Granth Sahib World University

(Fatehgarh Sahib)

June 2022 — July 2025

Completed Bachelor of Computer Applications and Basic Knowledge of Information Technology Predicted Grade: Above 8 CGPA

projects

Netflix clone

- Built a Netflix-style movie streaming app using React, Vite, and Redux for efficient state management.
- Added GPT-powered search to suggest movies based on user queries.
- Implemented user login and signup with Supabase for authentication.
- Created movie browsing features for popular, top-rated, and upcoming films.
- Included detailed movie information pages and responsive design for all devices.

Portfolio

- Developed a responsive portfolio website using React, Vite, and Tailwind CSS.
- Showcased three web development projects with live demos and detailed descriptions.
- Demonstrated proficiency in HTML, CSS3, JavaScript, React, Node.js.
- Implemented mobile-friendly navigation with hamburger menu for better user experience.
- Created distinct sections for profile, skills, expertise, and contact information.
- Integrated social media links (Instagram, LinkedIn) and call-to-action buttons.

Skills

Frontend

- ReactJS
- Redux
- TailwindCSS
- JavaScript
- HTML
- CSS

Learning Phase

Backend

- ~~NodeJS~~
- ~~MongoDB~~

Soft Skills

- Team player
- Deliver results

Experience

- **fresher**

Hobbies

- Coding and Listening Music
